Hundreds of Summer Frocks For Women and the Younger Set---Quite Inexpensive

"Elizabeth was a vision of loveliness in a simple frock of blue dimity"—from the Romance of the Summer Girl.

Curious, is it not, that the heroine is always pictured in a frock of simplicity? But after all these are the ideal Summer Frocks. And it is just such styles that are seldom ready-made. As we realized this fact we have put forth our best endeavors to create just such little Frocks of dainty materials, with simple trimmings—and fashioned them in the styles that one would be apt to have made under one's personal supervision. No, these are not dressy frocks, but the kind that should be represented by six or eight styles in every Summer wardrobe-for morning wear on the

piazza, along the beach, or at the country club.

Lawns and dimities are delightful, with their quaint colored printings. Voiles are striped, dotted and checked. Then, too, we have frocks of cotton voiles, Lorraine tissues, Arnold prints, striped ginghams, striped and checked zephyrs and dotted Swisses. One might call the trimmings artistic, as the thread and Valenciennes laces, embroideries and touches of silk and velvet ribbons are so cleverly designed.

Prices Are the Best of All

For Women—sizes 32 to 44—\$4.50, \$5.75, \$6.75, \$7.50, \$8.50, \$10.50 to \$18.50.
